Summary

Senior UX Expert specializing in mobile UX design, user-centered design and user interface design for complex SaaS and enterprise systems. 15+ years of experience in Agentic SaaS, back-office platforms and regulated domains (Fintech, iGaming, Healthcare). Led redesigns informed by user journey mapping and user feedback analysis that cut task time by 40% and increased adoption by 35%.

Experience

iGaming Company (NDA)

UX Consultant & Strategist | Apr 2026 to Present

● Redesigned core agentic workflows for enterprise SaaS, reducing average task completion time by 42% for 12k+ daily users.

● Built design system and interaction patterns adopted by 8 product teams, cutting design debt by 60%.

● Advised C-level stakeholders on UX strategy for AI-driven features, securing buy-in for a $2.1M roadmap.

● Applied user-centered design principles to enhance product usability, resulting in a 25-35% increase in user satisfaction.

Softswiss

Lead UX Designer | Apr 2019 to Jan 2026

● Owned end-to-end UX for back-office platform serving 45 000 operators, improving NPS from 28 to 61.

● Redesigned the enterprise iGaming SaaS platform with AI-driven workflows, increasing feature adoption by 47%.

● Delivered responsive enterprise interfaces that reduced support tickets by 38 % within six months of launch.

● Mentored a team of 6 designers and established a research-to-delivery process still used company-wide.

● Led redesign of iGaming and healthcare admin tools used by 200+ enterprise clients, increasing feature adoption 47 %.

● Facilitated cross-functional workshops that aligned product, engineering and compliance on complex regulatory flows.

● Conducted user feedback analysis to refine design iterations and prioritize high-impact improvements.

Drakedigital

Art Director, Designer | Feb 2014 to Mar 2018 | Ontario, Canada | Remote

● Built and led end-to-end visual and UX solutions for 40+ Canada & US clients across SaaS, Fintech and consumer products.

● Grew studio from solo founder practice to small team, delivering 120+ digital products with average client retention of 3.5 years.

● Established reusable design systems and brand guidelines that reduced project turnaround time by 30–40%.

● Specialized in mobile UX design for iOS and Android applications, focusing on intuitive navigation and high conversion rates.

Freelance

Senior UX Designer | Jun 2010 to Dec 2018

● Designed and shipped 25+ native mobile applications (iOS & Android) for startups and mid-size businesses, several reaching 100k+ downloads.

● Created full design systems, UI kits and marketing assets (Sketch, Adobe Illustrator, Photoshop, Figma) that accelerated client go-to-market by 4–6 weeks on average.

● Led user interface design efforts for digital products, delivering clean and accessible interfaces across web and mobile.

● Facilitated discovery workshops and stakeholder alignment sessions for regulated products under tight compliance constraints.

● Applied user-centered design principles and conducted user feedback analysis to iterate on interfaces, significantly improving usability scores before launch.

● Worked with 50+ brands across SaaS, Fintech, consumer and regulated domains, delivering end-to-end UX and UI solutions.
